- (b) The Employer and the Association also agree that there shall not be any discrimination or harassment in the treatment of Members as prescribed in the Ontario Human Rights Code and will not under any circumstances permit employment practices and procedures in contravention of it. - (c) Members will neither engage in nor be subject to threats of physical abuse, physical harm or other forms of workplace violence. All forms of workplace violence will not be tolerated.

Members shall not engage in or be subject to harassment, which comprises a course of vexatious conduct, comment or display that demeans, belittles or causes personal humiliation or embarrassment to the recipient and is known or ought reasonably to be known to be unwelcome. For clarity, this does not include the proper exercise of academic freedom, the proper performance of management functions, the proper exercise of management authority or the proper issuance of discipline to a Member.

Workplace violence or harassment described above shall be treated as a serious disciplinary offence and violators will be disciplined accordingly.

- (d) Every Member has a right to a workplace free of harassment, discrimination, reprisal or retaliation. Accordingly, a Member may bring forward, provide information regarding, assist, or otherwise be involved in the resolution of a complaint without fear of retaliation or reprisal, including but not limited to disciplinary action or discharge, whether that complaint is brought forward through a grievance under this Agreement or a complaint in accordance with another University policy or guideline, provided that the Member is not acting in bad faith or in a manner that is vexatious or otherwise clearly improper. For clarity, there will be no reprisals against any Member who brings forward a complaint of harassment and/or discrimination within the meaning of Article 3 of this Agreement provided that the Member is not acting in bad faith or in a manner that is vexatious or clearly improper.

Any allegation(s) of reprisal or retaliation may be the subject of a grievance.

3.2 Equity, Diversity, Inclusion and Equal Opportunity

- (a) The Parties agree to promote equity, diversity, inclusion and equal opportunity in employment.
- (b) The Employer shall strive to ensure that its employment policies and practices are free of barriers, both systemic and deliberate, that discriminate against groups that are protected under the Human Rights Code.
- (c) In furtherance of their commitment to equity, diversity, inclusion and equal opportunity in employment, the Parties shall maintain ongoing consultation about, and will collaborate to provide, appropriate training for Members and other persons employed by or appointed at the University who may be involved in making decisions with respect to appointments (i.e. searches), renewal, tenure/continuing/permanent status, promotion, PTR, funds and awards, workload, or any similar determination affecting a Member. - (d) The Association agrees that it, and its Members, shall also strive to administer their duties and responsibilities in a manner that assists the Employer in discharging its commitment to foster an environment of equity, diversity, inclusion and equal opportunity.
- (e) While the parties will strive to make reasonable efforts to promote equity, diversity, inclusion and equal opportunity in employment, no candidate who does not have the qualifications and meet the criteria for the applicable appointment shall be recommended for an initial academic appointment pursuant to Article 7 (Search Procedure for Academic Appointments).

The Employer acknowledges the right and responsibility of each Member to participate in the formulation and recommendation of academic policies and procedures within the University through duly constituted collegial bodies and committees.

4.2 Amendments to the Act or the By-laws

Prior to submitting any proposal to the Collegium concerning any amendments to the Act or the By-Laws, the Employer shall provide the Association with a copy of such proposal and allow the Association a reasonable opportunity to make representations to the Collegium thereon, prior to the Collegium taking any decision on such proposal.

4.3 Selection of Administrators

Prior to the appointment of a Division Head, the Employer shall provide to the Association and the Members a description of the consultative process that will be followed in the selection. The Association shall be given a reasonable opportunity to make representations to the Employer thereon on its own and the Members' behalf.

ARTICLE 5 - RIGHTS AND OBLIGATIONS OF THE MEMBERS

5.1 Academic Freedom

- (a) Members enjoy freedom in teaching, scholarship, including research and creative professional work, and publication. This is required by their responsibility to the integrity of their scholarship and discipline and its advancement, on the one hand, and, by their special position in relation to the service of the Word of God and as exercising a public ministry to and for the community of the faithful in the Church, on the other hand.
- (b) The Parties to this Agreement agree to uphold the pursuit of truth, the advancement of learning, and the dissemination of knowledge. To this end, the Parties agree to abide by the principle of academic freedom as expressed in the following statement: academic freedom is the freedom to examine, question, teach, and learn, and it involves the right to investigate, speculate, and comment without reference to prescribed doctrine, as well as the right to criticize the University and society at large. As a Catholic University, the exercise of academic freedom is subject to the provisions of *Ex Corde* and Ordinances set out in the Preamble to this Agreement. Specifically, and without limiting the above, academic freedom entitles Members to engage in the following:
 - (i) Examine, question, teach, learn and serve;
 - (ii) Disseminate opinions on any questions related to the Member's teaching, professional practice or development, or scholarship, including research and creative professional work, both inside and outside the classroom;
 - (iii) Choose and pursue scholarship, including research and creative professional work, and professional development, without interference or reprisal, and freely publish and make public the results thereof;
 - (iv) Choose and pursue teaching methods and content;
 - (v) Create, exhibit, perform or adjudicate works of art;
 - (vi) Select, acquire, disseminate, or critique documents or other materials;
 - (vii) Criticize the Employer or any other organizations, whether corporate, political, public, private, institutional as well as society at large;
 - (viii) Engage in service to the institution and the community;
 - (ix) Participate in professional and representative academic bodies; and
 - (x) Recommend library material relevant to the pursuit of learning.

- (c) Academic freedom does not require neutrality on the part of the Member. Academic freedom makes intellectual discourse, critique and commitment possible.
- (d) Academic freedom does not confer legal immunity and carries with it the duty to use that freedom in a manner consistent with the scholarly obligation to base scholarship, including research and creative professional work, and teaching on an honest search for knowledge.
- (e) In any exercise of freedom of expression, Members shall not purport to convey an official position of the Employer unless so authorized.

5.2 Outside Professional Activities

- (a) A Faculty Member may engage in outside professional activity or act in a consulting or advisory capacity to public or private clients, recognizing that suitable contact with the public and private sector offers a desirable means whereby he or she may relate his or her professional activities and teaching to current practice, trends and developments, subject to the following:
 - (i) Such professional activity shall not conflict or interfere with the fulfillment of his or her duties and responsibilities to the University as provided in this Agreement;
 - (ii) The University shall be reimbursed, at a reasonable rate set by the Employer, for supplies, equipment, facilities and the space used in connection with the outside professional activity, it being understood that University activities shall have priority in the use thereof;
 - (iii) The name of the University shall not be used in any outside professional activity unless agreed, in writing, by the appropriate University authority. Notwithstanding the above, nothing shall prevent a Faculty Member from stating the nature and place of his/her employment, rank and title, in connection with outside professional activities, provided that he/she shall not purport to represent the University or speak for it, or to have its approval unless that approval has been given in writing;
 - (iv) The University letterhead shall not be used in correspondence between a Faculty Member and his/her client, or in any report he/she may submit, and, subject to subparagraph (iii) above, the name of the University shall not appear in any publicity or commercial presentation of the results of the consulting work nor shall the Faculty Member represent himself/herself as an agent of the University; and
 - (v) All Faculty Members must report annually the number of days of paid activity outside the University. If the number of days reported are twelve (12) or greater the Faculty Member shall provide a brief description of each activity.

5.3 Intellectual Property

5.3.1 General

- (a) The University believes that efforts to increase and communicate knowledge are at the heart of academic endeavors. Often these endeavors will result in the creation of intellectual property that may be of benefit to the broader society. Intellectual property means any result of intellectual or artistic activity created by a Member that can be owned by a person and protected under patent, copyright, trademark or similar laws.
- (b) The Parties recognize that the common good of society depends upon the unfettered search for knowledge in all fields of study and upon its free exposition.
- (c) In order that Members have control over the direction, integrity, and use of their scholarly work, as a general principle, ownership of all types of intellectual property shall rest with the Member who creates it. Such ownership is recognized as an integral part of academic freedom.
- (d) No Member shall be obliged to engage in the commercial exploitation of his or her scholarly work or to provide commercial justification for it.
- (e) The Employer shall not enter into any agreement with a third party (including an agreement to administer funds) which alters, abridges, or has the effect of altering or abridging the intellectual property rights of a Member under this Agreement.

5.3.2 Right to Publish

- (a) The University is an open environment for the pursuit of scholarly work. Academic freedom and critical inquiry depend on the communication of the findings and results of intellectual investigation. The Employer shall not interfere with any Member's freedom to publish the results of scholarly inquiry and research.
- (b) The Employer shall refuse to enter into or administer any research agreement or grant that allows the funders or other third party to infringe on any Member's freedom to publish the results of research, except in extraordinary circumstances where, statutorily to protect intellectual property, a maximum publication delay of two (2) months from the conclusion of a research project may be accepted.

5.3.3 Copyright

- (a) Copyright applies to all original literary, dramatic, artistic, musical and textual works as defined by the *Canadian Copyright Act*.
- (b) Works include but are not limited to: books, texts, articles, monographs, glossaries, bibliographies, cartographic materials, modular posters, study guides, laboratory manuals, correspondence course packages, interactive textbooks, course work delivered on the internet, multimedia instructional packages, syllabi, tests and work papers, lectures, musical and/or dramatic compositions, choreographic works, performers' performances, unpublished scripts, films, filmstrips, charts, transparencies, other visual aids, video and audio tapes and cassettes, computer

programs, live video and audio broadcasts, programmed instructional materials, drawings, paintings, sculptures, photographs and other works of art.

- (c) All copyright belongs to the Member or Members who create the work even if it is produced during the course of employment and with the use of the Employer's facilities and resources, except in those cases where there is a contract or written agreement to the contrary which assigns the copyright to the Employer. All such contracts and agreements shall be copied to the Association.
- (d) No contract or written agreement between the Employer and a Member shall contain a clause waiving moral rights.
- (e) In the event that an original work is the creation of more than one Member, the provisions of this Article apply on a *pro rata* basis to all the creators of the work.
- (f) In the event that the Employer or assignee relinquishes its rights in any work, all intellectual property rights shall revert back to the first owner. In the event that the first owner is deceased, the rights shall revert to the estate of the first owner.

5.3.4 Extraordinary Support

When the Employer invests extraordinary support, including but not limited to a grant to subsidize publication, it may negotiate specific conditions with the Member(s) who is (are) the creator(s) to participate in the royalties. Whenever such extraordinary support is offered, the Employer shall stipulate at the time it offers the subsidy if it wishes to negotiate a claim to royalties that may accrue from publication or other work thus supported. If it does not, it shall be deemed to have waived any claims to royalties or other income. All agreements between a Member or Members and the Employer pursuant to this paragraph shall be in writing and shall be copied to the Association. As soon as the Employer has recovered the full amount of the extraordinary support mentioned in this paragraph, its share of gross royalties or other proceeds shall be lowered to a figure no higher than 40% in any year. The Employer's share of such royalties or other proceeds which are in excess of the extraordinary support shall be used to fund activities in support of research and other scholarly activities. Disbursements of these funds shall be reported to the Association annually. The burden of establishing the amount of extraordinary support incurred by the Employer shall be borne by the Employer.

5.4 Responsibilities and Obligations of Members

- (a) A Faculty Member's professional obligations and responsibilities to the University shall encompass a combination of (i) teaching; (ii) scholarship, including research and creative professional work; (iii) service. While the distribution of these duties may vary from individual to individual, they constitute the Faculty Member's principal obligation during the employment year, and include, without being restricted to, responsibilities as follows:
 - (i) A Faculty Member shall carry out his or her responsibility for teaching with all due attention to the establishment of fair and ethical dealings with students, taking care to make himself or herself reasonably accessible to students for academic consultation, to inform students adequately regarding course formats, assignments, and methods of evaluation, to maintain teaching schedules in all but exceptional circumstances, to inform

students adequately of any necessary cancellation and rescheduling of instructions and to comply with established procedures and deadlines for determining, reporting and reviewing the grades of his or her students.

- (ii) A Faculty Member shall be entitled to and be expected to devote a reasonable proportion of his or her time to scholarship, which includes research and creative professional work. He or she shall endeavour to make the results of such work accessible to the scholarly and general public through publications, lectures and other appropriate means. Faculty Members shall, in published works, indicate any reliance on the work and assistance of academic colleagues and students in accordance with established academic norms.
 - (iii) A Faculty Member agrees to maintain his or her professional competence in his or her discipline and to acquire and maintain reasonable teaching competence.
 - (iv) Faculty Members agree to deliver the required contact hours for each scheduled course, except in cases of unforeseen emergencies; to obtain advance approval from the Division Head for any significant deviation from their teaching schedules or course of studies; to have each session adequately planned; and to inform the Division Head when, during the academic year, they are undertaking any employment outside the University or are engaging in a major course of study.
- (b) A Librarian's professional obligations and responsibilities shall encompass a combination of (i) teaching and/or professional practice, (ii) scholarship, including research and creative professional work and (iii) service. While the distribution of these duties may vary from individual to individual, they constitute the Librarian's principal obligation during the employment year. Such pursuits may include advanced study, research, scholarly writing, and the widening of professional and ecclesial contacts.
- (b) All Faculty Members who hold a tenured or continuing status appointment and all full-time Librarians who hold permanent status have the right to take research leaves under this Article. Research leave involves leave from teaching and service duties at the University for the duration of the leave. Research leaves are normally for a half year (6 months) or a full year (12 months).

9.1.2 Calculating Research Leaves

- (a) A Member shall, subject to Article 9.1.3, be entitled to a one-year research leave with pay at 87.5 percent of his/her salary, following six years' service or return from a previous paid leave. Such leave will normally commence on July 1.

ARTICLE 11 - PROMOTIONS AND PERMANENT STATUS - LIBRARIANS

11.1 Promotions – Librarians

- (a) Advancement through these ranks should reflect increased individual levels of professional achievement, which may be demonstrated either by increased responsibility in an area of specialization or by the discharge of administrative responsibilities.
- (b) The basic quality which must be evident for appointment or promotion to a rank is the ability to perform at a high professional level in areas which contribute to the teaching and research objectives of the University, such as the selection, acquisition and preservation of Library materials, the bibliographic control of those materials, the accessibility of the collections to users, the provision of instruction in using the Library's resources and the planning and development of Library systems.
- (c) Five criteria form the basis for appointment or promotion to a rank: effective performance in the area of the Librarian's responsibility; academic achievement and activities; professional achievement and activities; effectiveness of service to the Library and the University; and promise of continuing growth in overall performance as a Librarian.
- (d) Effective performance will be considered the primary criterion at the lower ranks. It will also be considered significant at the higher ranks, but the weighting of the other criteria will increase proportionately.
- (e) Notwithstanding the timelines otherwise provided in this Agreement, at the request of the Member and with the approval of the President, consideration for promotion to Librarian III and permanent status may be delayed for one but not more than two years for professional or personal reasons. Such requests shall not be unreasonably denied.

- (f) When performance is judged, the nature of the candidate's assignment is to be considered, e.g., supervisory responsibility, subject, area, or language specialization, instructional duties, preparation of reports, etc. It is expected that successful candidates will have demonstrated the ability to use effectively their professional education and will have shown the capacity to develop and extend their professional and academic expertise.

11.2 Promotion to Librarian II

The performance of a Librarian I shall be reviewed at least twice by the Chief Librarian or his/her designate, and a written evaluation prepared, before a recommendation for promotion is made. Promotion in rank from Librarian I to Librarian II is subject to approval of the Chief Librarian. If a Librarian on a probationary appointment is not to be promoted to Librarian II (and therefore to have his or her appointment terminated), he or she shall be notified at least three months prior to the end of the probation period. The University does not have to show cause for termination of a probationary appointment and such decision may not be made subject of a grievance or subject of arbitral review. The non-renewal of a probationary appointment does not constitute discharge.

The Chief Librarian will consult with the Associate Chief Librarian and the Librarian's supervisor at the time of each performance review referred to above.

11.3 Promotion to Librarian III and Permanent Status

11.3.1 Criteria for Appointment with Permanent Status

- (a) Permanent status for Librarians, as defined in Article 6.3 entails the acceptance by a Librarian of the obligation to perform conscientiously as a contributor to teaching, learning and scholarship in the University. Librarians who enter the University in the rank of Librarian I shall be considered for appointment with permanent status during the third year of service in the rank of Librarian II in the University. Librarians appointed at the rank of Librarian II for a contractual period of up to three years' duration shall be considered for permanent status in the final year of their contracts. Librarians appointed at the ranks of Librarian III or IV, if not granted permanent status on appointment, must be considered for permanent status in the first year of service in the University.
- (b) By July 1, the Chief Librarian shall notify in writing all Members who must be considered for permanent status that academic year, with a copy to the Association. The notice shall include the criteria and procedures for permanent status and the timeline of the review process, including when the assembling of documentation for the dossier will begin and when it will be completed, the documents that the Chief Librarian will provide, and the documents that the Member must and/or may provide. The notice will also request the Member to nominate referees to provide the written references referred to in Article 11.3.2 (Materials for Permanent Status Review).
- (c) For promotion in rank from Librarian II to Librarian III the Librarian's performance shall be reviewed by a Permanent Status Committee as set out Article 11.3.3.
- (d) Appointments with permanent status should be granted on the basis of five criteria: effectiveness in work performance; academic achievement and activities;

professional achievement and activities; service to the Library and the University; and clear promise of continuing effectiveness and development.

- (e) Effectiveness in work performance shall be judged primarily, but not exclusively, on the basis of annual performance reviews. In being considered for permanent status and appointment or promotion to the rank of Librarian III, the candidate must submit evidence of effectiveness in professional practice. There should also be clear promise of continuing growth in overall performance as a Librarian and demonstrated ability to handle increased responsibilities in areas of specialization and/or in an administrative capacity. With less weighting, one or more of the following criteria should also be considered: scholarship, including research and creative professional work, and service to the University.
- (f) Promise of continuing growth in overall performance as a Librarian and demonstrated ability to handle increased responsibilities in areas of specialization and/or in an administrative capacity will be judged by the degree to which the candidate has demonstrated progress in librarianship in the period of service preceding consideration for appointment with permanent status.

18.5 Progression Through the Ranks (PTR)

- (a) The merit component, or PTR, is designed to provide all Members with an annual merit based award to recognize each individual's contribution to

teaching/professional practice, scholarship, including research and creative professional work, and service. PTR is the only source of merit increase for Members. It is based on the assumption that each individual's rate of progress through the ranks is a function of that individual's cumulative merit over his/her career. While there is a career path for a "typical" Member, no two individuals are alike. Some careers will progress rapidly and hence those Members will merit on average higher PTR awards, and some will not progress and hence those Members will merit no PTR awards.

(b) PTR Pools

The money available for PTR distribution is sub-divided into three separate funds: one for tenured/tenure stream Theology Members, one for College Members and one for Librarians. These three separate funds are further sub-divided into three pools: one for those whose current salaries are above a salary break point as set out in 18.5(c); a second for those whose current salaries are below the breakpoint; and a third, five percent (5%) of the total PTR pool, which is dedicated to a Special Merit Pool (SMP).

- (i) The funds in the above and below the breakpoint pools are kept separate and awarded to the Members of each respective pool solely on the basis of merit. The funds from each of these two pools may normally only be spent on the staff in that pool, with no transfer of funds from one pool to another permitted except as provided in (iii) herein.
- (ii) PTR increases are not an automatic entitlement for individual Members. The PTR process recognizes that the vast majority of individuals are advancing in their careers by consistently contributing to the advancement of the field, teaching at a high level and by serving the University and the broader community. Accordingly, the award of Average or Median PTR will reflect the very high standard expected of all Members.
- (iii) It is expected that all of the PTR funds available, except the SMP, will be allocated to merit increases. If for any reason all of the PTR funds cannot be expended within a pool, permission not to expend the entire pool must be sought from the President. Such unexpended funds will be re-distributed to one or more of the other five pools (not SMP) as required.
- (iv) The five percent (5%) Special Merit Pool is available in order to reward Members who have made an outstanding contribution and are leaders in their field. The allocation of the SMP funds is discretionary and shall be awarded by the President, in consultation with the Division Head. Funds allocated under this SMP may be awarded to any Member without regard to salary breakpoint and are in addition to any PTR awarded through the process in sub-paragraphs (i), (ii) and (iii) above.
- (v) Each Member must complete and submit an Annual Activity Report as set out in Article 13, along with a *curriculum vitae*, to his/her Division Head. The Division Head shall be responsible for making PTR recommendations which shall be forwarded to the President for approval.

- (vi) Each Member shall be informed in writing of the amount of PTR awarded and the reasoning behind the award. This amount is not reviewable through the grievance and arbitration procedure unless it can be shown that the decision was made in bad faith, or was discriminatory or arbitrary. In addition to the details concerning the PTR award, the letter shall also include the amount of the ATB award which shall be applied to the salaries prior to the award of PTR.
 - (vii) PTR allocations are made effective July 1 of each year of this Agreement and are based on the Member's performance during the previous academic year.
 - (viii) The PTR allocation of each Member will be provided to the Association by July 15 of each year.
 - (ix) The Division Heads and the Bursar will meet with two (2) designated representatives of the Association to provide an overview of the implementation and allocation of PTR.
- (c) Beginning with the July 1, 2014 PTR allotment and continuing each July 1 thereafter, the PTR allotment for each Member shall be the same as the PTR allotment for the University of Toronto faculty and librarians represented by the Association at the same rank for the same July 1 PTR allotment. The salary breakpoints shall also be the same as that which is applicable to University of Toronto faculty and librarians represented by the Association.

18.6 PTR on Leaves

Members who are on leave with pay shall be eligible for PTR increases. For added clarity, Members who are on pregnancy, parental or sick leave under Article 15.7, shall be considered to be on leave with pay for the purpose of this Article.

18.7 Per Course Stipends

- (a) Members who are paid for teaching courses on a per course basis (e.g., summer session) or on overload shall be paid the same amount per course as the minimum amount payable to University of Toronto faculty and librarians represented by the Association for teaching a course during the same academic term.
- (b) In the event that, at the beginning of any given academic term, the Association and the University of Toronto have not reached agreement to increase the per course stipend rate for that given academic term, Members shall be paid the per course stipend rate from the immediately preceding academic term. If the Association and the University of Toronto subsequently agree to increase the per course stipend rate for the academic term in question, Members shall be retroactively paid the difference between the per course stipend rate they received and the new, negotiated per course stipend rate.

- (a) A Member shall be disciplined only for just cause. Disciplinary processes are not to be used to inhibit free inquiry, discussion, exercise of judgment, or honest criticism within or without the University except as set out in this Agreement. Disciplinary action shall be commensurate with the seriousness of the violations, and consistent with accumulated practice under this Article. The Parties recognize the value of promoting corrective action through guidance and progressive discipline, although this will not always be appropriate.
- (b) The only disciplinary measures that may be taken by the Employer against a Member are the following:
 - (i) A letter of warning or reprimand. Such letters must be specific and must be clearly identified as disciplinary measures.
 - (ii) Suspension with full or partial pay or without pay. Suspension is the act of relieving a Member, without her/his consent, of some or all duties and/or privileges.

- (c) Disciplinary processes must be kept distinct from academic assessments associated with annual performance reviews and consideration for renewal, tenure, continuing status, permanent status, promotion and reappointment. ARTICLE 21 - DISPUTE RESOLUTION

21.1 Informal Resolution of Disputes

- (b) The Parties to this Agreement are agreed that it is of the utmost importance to adjust complaints and grievances as quickly as possible. Accordingly, no grievance shall be arbitrable if filed more than 30 working days after the grievor became aware or ought reasonably to have become aware of the circumstances giving rise to the grievance.

21.2 Grievance and Arbitration

21.2.1 General

- (a) A grievance is a claim, dispute or complaint involving the interpretation, application, administration or alleged violation of this Agreement. For greater certainty, the grievance procedure may not be used to dispute a decision to grant or deny tenure to a Theology Member, continuing status to a College Member or permanent status to a Librarian or any decision which is specified herein to be within the Employer's or President's sole discretion to make, nor shall an Arbitrator have any jurisdiction to review such decisions.
- (b) There shall be no discrimination, harassment, or coercion of any kind practiced against any person involved in these procedures or against any Member who elects not to pursue a grievance. The Association representatives acting on behalf of a grievor shall not be coerced, restrained, or interfered with in the performance of their duties as representatives.

- (b) The time limits specified in this article may be extended by mutual agreement of the Parties in writing. The Parties shall be reasonable in considering extension requests.

21.2.4 Technical Irregularities

No technical violation or irregularity occasioned by clerical, typographical, or technical error in the written specification of the grievance shall prevent the substance of a grievance from being heard and judged on its merits.

21.2.5 Grievance Procedure

- (a) A Party may file a grievance according to the procedures outlined in this Article 21 (Dispute Resolution) within thirty (30) working days after the occurrence of the incident giving rise to the grievance, or thirty (30) working days from the date the grievor became aware or ought reasonably to have become aware of the events giving rise to the grievance, whichever is later.
- (b) A grievance shall be in writing, signed by the grievor and the Association, or, in the case of an Employer grievance, by the Employer, and shall specify the matter(s) in dispute, the article(s) and any relevant legislative provisions alleged to have been violated, and the remedy or remedies sought. It shall be submitted to the President or the Association's President, as the case may be.
- (c) No later than ten (10) working days following the receipt of a grievance, the Employer representative shall meet with the Association and the grievor or, in the case of an Employer grievance, the Employer representative shall meet with the Association representative. The Parties and the grievor are encouraged to make every reasonable attempt to resolve the grievance.

- (f) All grievance-related discussions directed at the settlement of a grievance are privileged and confidential and cannot be relied upon in any other proceeding.

21.2.6 Arbitration

- (a) Within thirty (30) working days of receipt of the written reasons for denial of a grievance, the Association, or, in the case of an Employer grievance, the Employer, may give written notice of its intention to submit the matter in dispute to an arbitrator for final and binding arbitration.
- (b) The Parties shall choose an arbitrator. Should the Parties fail to agree on the appointment of an arbitrator within twenty (20) working days of receipt of the notice of arbitration, the arbitrator shall, upon request of either Party, be appointed by the Ontario Minister of Labour as provided for under the Ontario *Labour Relations Act*.
- (c) In grievances involving discipline, the Employer shall have the burden of proving that the discipline taken was justified in the circumstances.
- (d) The Parties to the arbitration shall share equally the arbitrator's fees and expenses. The costs of presenting a case shall be borne by the respective Parties to the arbitration.

- (b) The terms "strike" and "lockout" shall have the meanings given to them in the Ontario *Labour Relations Act*.

ARTICLE 24- FINANCIAL EXIGENCY

Theology Members may, under circumstances and through processes described below, be laid off. In such cases, the process of dismissal for cause shall not be used, nor shall Theology Members who are eligible for tenure or promotion be denied it on the grounds that they might be laid off in the future. Moreover, Theology Members shall not be otherwise penalized with respect to terms and conditions of employment and/or rights and privileges relating to employment for financial reasons except in accordance with this Article.

24.1 Definition

A state of financial exigency is defined as a situation in which the Faculty of Theology, using Generally Accepted Accounting Principles, faces substantial and potentially chronic losses which threaten the survival of the Faculty of Theology unless the budget for salaries and benefits of Theology Members is reduced.

24.2 Determination and Declaration of a State of Financial Exigency

- (a) Where the Collegium anticipates a state of financial exigency, it must, by October 1st, give formal notice to the Senate and Association of its intention to declare a state of financial exigency and initiate the procedures in this Article. As of the date of the notice, Theology Members may have contracts renewed, but no new appointments may be made in the Faculty of Theology.
- (b) No later than 10 business days following notice as in 24.2(a) a committee will meet to determine whether or not a *bona fide* state of financial exigency exists. The Committee will consist of the following: two persons appointed by the Employer, two persons appointed by the Association, and an independent person chosen by the other four members of the committee. If these four members of the committee cannot agree on the independent person, he or she shall be named by the Chairman of the Ontario Chartered Accountants Association. No member of the Committee shall be a Government official and the four persons named by the Parties must be employees of either the University, the University of Toronto or CAUT.
- (c) The Committee will have complete access to all financial information it considers necessary to determine whether a state of financial exigency exists, including all assets, reserves, restricted funds, etc., both operating and capital, and will receive the full cooperation of the Finance Committee of the Collegium.
- (d) The Committee shall consider whether a state of financial exigency exists.
- (e) The Committee will report to the Collegium and to the Senate its findings concerning the existence of a *bona fide* financial exigency prior to December 15. If the committee confirms that there is a state of financial exigency, it shall recommend the amount of reduction in expenditures that is required. The committee shall recommend the proportion of that reduction that will be achieved by laying off Theology Members, or by other means of reduction in expenditures on Theology Members' salaries and benefits, but only after verifying that every other means of achieving that proportion of the reduction in expenditure has been exhausted. The committee may recommend alternative measures for achieving the recommended reduction in expenditure. If the Committee finds that

no financial exigency exists, the Collegium shall be precluded from invoking the provisions of this Article for the layoff or reduction in the salaries and benefits of Members for six (6) months from the date of the Committee's report.

- (f) If the committee confirms that a state of financial exigency exists, a thirty (30) day period shall elapse before any procedures for layoffs are invoked. During that period, the Parties shall meet and consider the recommendations of the committee with respect to the implications of financial exigency. It shall be open to the Parties, notwithstanding any provisions to the contrary of this Agreement, to renegotiate provisions of this Agreement bearing directly on salaries and benefits, or to reach other mutually acceptable emergency methods of reducing expenditures that could avert layoffs or decrease the number of layoffs.
- (g) If, pursuant to (f) above, the Parties fail to reach agreement on measures to reduce salaries and benefits within thirty (30) days of the report of the committee, the Collegium may declare financial exigency by January 15 for the purpose of effecting reductions the following academic year. After due consideration of the committee's recommendation of the amount of reduction in expenditures that is required, the Collegium will indicate the gross dollar amount of reduction to the budgetary allocation for salaries and benefits of Theology Members required. Any significant deviation from the committee's recommendation will be accompanied by an explanation to the Association. The President and the Finance Committee of the Collegium will translate this into the number of Theology Members affected and amount of reductions this represents.

24.3 Criteria for Identifying Individuals to be Laid Off

- (a) Processes
 - (i) All full-time Theology Members, together with the Dean as non-voting Chair, will meet within a week following January 15th to identify the individual(s) and make a recommendation based on the following criteria before January 31. In the case where the group cannot come to a two-thirds majority decision, it will so report to the President and the President, in consultation with the Dean, will make the decision before February 15th.
- (b) Criteria
 - (i) Decisions shall be made mainly on the grounds of academic merit (i.e., teaching effectiveness, the importance of the individual's teaching field to the academic viability of the department's course offerings and the University's programme), academic and/or professional degrees obtained, publications and research experience. Other contributions to the University and the individual's part in the University's contribution to the community at large should be considered.
 - (ii) Only when an untenured Theology Member can contribute more substantially to the academic progress of the University shall he/she be retained in place of a tenured Theology Member.

- (iii) In the case of two tenured Theology Members of equal academic merit, the decision shall be made on the basis of seniority. The same principle shall apply in the case of untenured Theology Members.

24.4 Compensation and Other Considerations

Where a Theology Member is to be laid off, the following shall apply:

- (a) The Theology Member shall receive a letter clearly stating that the reason for discontinuation of employment is financial exigency.
- (b) Every effort shall be made to employ that individual elsewhere in the University, including in the Undergraduate Program.
- (c) In cases where such alternative employment is impossible or unacceptable, severance pay shall be offered at the rate of six months salary from the date of June 30th after notice of lay off has been given, plus one month's salary for each year of full-time employment up to a maximum of eighteen months in the aggregate. The salary rate current for the periods involved shall be used for purposes of calculation of severance pay.
- (d) Tenured Theology Members thus released shall be offered, within four years of the end of the academic year in which the final decision has been made, the first available appointment in the Faculty of Theology unless the Employer can substantiate that the post is so specialized that it cannot be filled by the candidate or by a re-arrangement of the duties of other Theology Members. Theology Members offered such appointments must be given at least one month to accept the position, and reasonable time to make termination arrangements with their current employers. If an individual, within the four-year period, refuses an offer of re-employment, any obligations on the part of the Employer towards him/her under this Article will cease.

ARTICLE 25 - REDUNDANCY DUE TO CHANGE IN AND/OR CURTAILMENT OF ACADEMIC PROGRAMS AND LIBRARY SERVICES

25.1 Redundancy for *bona fide* academic reasons

The Collegium may, after receiving a recommendation from the President and Division Heads, on the one hand, and the Theology Members, College Members and/or Librarians, as appropriate, on the other hand, declare redundancy in the Faculty of Theology, College and/or Library, only for *bona fide* academic reasons. Academic reasons may include concerns about academic quality within the program, academic relevance or enrolment and the redundancy may involve curtailment, restructuring or reduction of the whole or part(s) of an academic program or library services. If the above group does not agree on a recommendation then the Parties will select, by mutual agreement or, failing that, by process of elimination, a Provost at an Ontario University to decide on the recommendation.

In such an event, the following will apply:

- (a) Such decision will be made only in the context of long-range planning. Before such decision is reached, the Senate will have a current, written, formally approved Long-Range Strategic Plan document.
- (b) If low student enrolment is argued as a *bona fide* academic reason, it must be demonstrable that a major decline has occurred which has produced a condition of low enrolments for at least three consecutive years, and there is no reasonable probability of an increase in enrolment in the immediate future.
- (c) Such a decision, specifying the program area(s) to be curtailed and the number and levels of reductions involved, must be formally made and promulgated by the Collegium, by November 15th of a given year to take effect in the following academic year.
- (d) The Senate may approve, and the Collegium ratify, new programs or expansion of other existing non-cognate programs concurrently with a curtailment decision, provided these are within the context of the Long-Range Strategic Plan and are supported by solid academic reasons.
- (e) A moratorium on hiring and expansion in the relevant Division will be in effect immediately and continue until the provisions set out below are fulfilled.
- (f) It shall be open to the Parties, notwithstanding any provisions to the contrary of this Agreement, to renegotiate provisions of this Agreement bearing directly on salaries and benefits, or to reach other mutually acceptable emergency methods of reducing expenditures that could avert layoffs or decrease the number of layoffs.

25.2 Criteria for Identifying Individuals to be Laid Off

25.2.1 Processes

In the relevant Division(s), all of the full-time Members, together with the Division Head as non-voting Chair, will meet within a week following November 15th to identify the individual(s) and make a recommendation based on the following criteria before November 30. In the case where the group cannot come to a two-thirds majority decision, it will so report to the President and the President, in consultation with the Division Head, will make the decision before December 15.

- (a) Decisions shall be made mainly on the grounds of academic and professional practice merit (i.e., teaching effectiveness, the importance of the individual's teaching field to the academic viability of the department's course offerings and the University's programme), academic and/or professional degrees obtained, publications and research experience. Other contributions to the University and the individual's part in the University's contribution to the community at large should be considered.
- (b) (i) Only when an untenured Theology Member can contribute more substantially to the academic progress of the University shall he/she be retained in place of a tenured Theology Member.

- (i) Only when a Librarian without permanent status can contribute more substantially to the effective operation of the Library shall he/she be retained in place of a Librarian with permanent status.
- (ii) Only when a College Member without continuing status can contribute more substantially to the academic progress of the University shall he/she be retained in place of a College Member with continuing status.
- (c) In the case of two tenured Theology Members of equal academic merit, the decision shall be made on the basis of seniority. The same principle shall apply in the case of untenured Faculty Members, Librarians with permanent status, Librarians without permanent status, and College Members with continuing status and College Members without continuing status.

25.3 Compensation and Other Considerations

Where an individual is declared redundant, the following consideration shall apply:

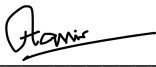

- (a) The individual shall receive a letter clearly stating the reason(s) for discontinuation of employment (i.e., that it was for redundancy and no other reasons).
- (b) Every effort shall be made to employ that individual elsewhere in the University provided that the quality of the academic program will be maintained.
- (c) In cases where such alternative employment is impossible or unacceptable, severance pay shall be offered at the rate of six months salary from the date of June 30th after notice of redundancy has been given, plus one month's salary for each year of full-time employment up to a maximum of eighteen months in the aggregate. The salary rate current for the periods involved shall be used for purposes of calculation of severance pay.
- (d) Tenured Theology Members, College Members with continuing status and Librarians with permanent status thus released shall be offered, within four years of the end of the academic year in which the final decision has been made, the first available appointment in their Division unless the Employer can substantiate that the post is so specialized that it cannot be filled by the candidate or by a re-arrangement of the duties of other Members in the Division. Members offered such appointments must be given at least one month to accept the position, including reasonable time to make termination arrangements with their current employers. If an individual, within the four-year period, refuses an offer of re-employment, any obligations on the part of the Employer towards him/her under this Article will cease.

ARTICLE 26 - TERM OF THIS AGREEMENT

This Agreement shall be in force as soon as it is ratified by both Parties and shall remain in force until June 30, 2023. This Agreement shall automatically renew itself on July 1, 2023 for a period of one (1) year, and for successive one (1) year periods thereafter, unless either Party notifies the other in writing within the period of ninety (90) calendar days prior to June 30 of the relevant year that it desires to bargain with a view to the renewal, with or without modifications, of this Agreement, or that it desires to bargain with a view to the making of a new Agreement.

LETTER OF UNDERSTANDING

RE: LIBRARIANS – CONTRACTUALLY LIMITED-TERM APPOINTMENTS (CLTAS)

BETWEEN:

Collegium of the University of St. Michael's College
and
University of Toronto Faculty Association

1. CLTA appointments shall only be used for special projects of limited duration or for temporary replacements for Librarians on leave, (such as maternity leave or research leave for example). Librarians hired on contractually limited-term appointments will have the length of appointment, rank and salary clearly stated in a letter of appointment. Only one (1) CLTA appointment for special projects shall be in effect at any given time.
2. CLTA librarian appointments carry no implication of renewal or continuation beyond the stated term.
3. Librarians holding a CLTA appointment shall normally be appointed at the rank of Librarian I or II. However, Librarians holding a CLTA may be appointed at a higher librarian rank if such rank is recommended by the Search Committee and approved by the President at the time of appointment.
4. A CLTA librarian contract will normally be for a period of not less than one (1) year and, in any event, no Member may be on librarian CLTA contracts which cumulatively add up to more than three (3) years). A break in service of two years will restart the three year period.
5. The procedures as set out in Article 7 (Search Procedure for Academic Appointments) shall be followed when making CLTA librarian appointments.
6. Librarians holding a CLTA appointment may apply in the normal way for any new permanent stream or permanent status appointments. When Librarians are appointed to a permanent stream position after holding a CLTA, Librarians may elect, with the approval of the Chief Librarian and the President, to shorten their pre-permanent status period by a period not to exceed two (2) years or the number of years the Librarian held a CLTA, whichever is less.

LETTER OF UNDERSTANDING RE: TEACHING STREAM - CLTAS

BETWEEN:

Collegium of the University of St. Michael's College
and
University of Toronto Faculty Association

The parties agree that USMC can use Contractually Limited Term Appointments (CLTA), during the term of this Agreement, only as an interim measure to address the replacement of any Continuing College Members who leave employment or who are on LTD during the term of this Agreement, for a maximum term of one year. As well, an individual may be appointed to replace any of the Special Appointments referred to in the Memorandum of Settlement dated January 5, 2017 who leave employment or are on LTD, and any such replacement will be on the same terms as the Special Appointment. Should permanent funding not be available for a Special Appointment, and the Special Appointment leaves employment after May 1, 2021, a CLTA may be used to replace that person until June 30, 2022. No CLTA under this paragraph will have a contract that expires after June 30, 2022 unless a Continuing Teaching Stream appointment leaves in the final year of the contract, in which case a 1-year CLTA appointment can be made. CLTAs shall be subject to the same terms and conditions of employment as College Members, save for promotion.

CLTA appointments under this paragraph are non-continuous teaching stream appointments that carry no implication of renewal or continuation beyond the stated term. Such a term appointment is for a specified period and does not involve a continuing commitment by the University beyond the stated term.

Members holding a CLTA appointment under this paragraph shall normally be appointed at the rank of Assistant Professor, Teaching Stream. However, Members holding a CLTA may be appointed at the rank of Assistant Professor, Teaching Stream (Conditional) or at a higher Teaching Stream rank if such rank is recommended by the Search Committee at the time of appointment.

The parties agree to establish a working group comprised of up to three representatives appointed by each of the Association and the Employer to:
